

Discord Information

Hello, 102 Cadets!

By popular demand, 102 Squadron has set up a Discord Server! The Sever has been set up in a way that will only allow cadets and staff to join. When you first join you will be required to enter the following details in the "Member-Request" chat: Rank, First Initial, Last Name and Your Level. For Example "WO2 R. Van Namen Level 5". An Admin will allow you access once your details have been verified. There is a voice chat for each level and a general voice chat as well.

To join the invite link is: <https://discordapp.com/invite/3jSPwkQ>

I look forward to seeing you all there!
